

Rural H₂O

Free Public Information Sessions & Home Assessment Program:

Water Quality Testing Water Conservation Source Water Protection

Are you a home owner with a private well?

Join Bluenose Coastal Action Foundation at one of our free public education sessions focused on drinking water issues for home-owners with private well systems. Topics covered will include water-quality testing, water conservation, and source-water protection. Print resource kits will be provided.

Rural H₂O Home Assessment & Water Test Rebate Program

Information about free home assessments through the Rural H₂O program will also be provided during information sessions. A limited number of assessments are available, and rebates for up to \$100 to support water quality testing will be provided. Open to home-owners with private wells in Lunenburg, Queens, and Shelburne Counties.

Where?

37 Tannery Rd. Lunenburg, NS

When?

January 16, 2017 – 6:30-8pm
