Climate Change Junior Field Tech – Full-time

Coastal Action is a charitable organization that addresses environmental concerns throughout the South Shore region of Nova Scotia and was established in December 1993. We are looking for a dedicated and motivated team player to fill our Climate Change position. This role is a full-time 3-month position beginning in September 2022 with the option to extend pending successful funding applications.

Reporting to the Climate Change Team Lead with daily supervision provided by the Climate Change Project Coordinator, the Junior Field Tech will assist with delivering the Agriculture Biodiversity Conservation Plan program, completing shoreline restoration work at coastal properties, and facilitating workshops for our interactive flood mapping program.

Your Opportunity:

1. Conduct hands-on fieldwork and assessments at coastal and agricultural properties.
2. Create location-specific embedded material for our 2022 3D Interactive Flood Map.
3. Create project communication content (captions, infographics, website content).
4. Host webinars for project partners, local government, and the general public.
5. Assist with the delivery of public workshops and planting events at our stormwater management, coastal, and agricultural project sites.

Your Experience(s) and Education:

1. Post-secondary education with a concentration in environmental studies/science/design/planning/horticulture or related disciplines.
2. Previous work with in-field data collection, and workshop facilitation/coordination.
3. Previous work with landscaping tools, materials, and plants (horticulture, agriculture, gardening, nursery, etc.).
4. Strong plant and wildlife identification skills.
5. Self-motivated, with the ability to work independently.
6. Demonstrated understanding of climate change issues and nature-based solutions.
7. Ability to perform and multi-task in challenging work environments and weather conditions.
8. Strong organizational skills, attention to detail, and efficient time management.
9. An aptitude for safe work practices.
10. Strong oral and written communication skills.
11. Proficiency in Office 365 applications, particularly Excel.
12. A valid driver's license and access to a vehicle for work purposes.
13. Current certification in Standard First Aid + CPR Level A (or equivalent) by the start date of the contract.
14. Screening through the Child Abuse Registry and a criminal record check (to be completed following an offer of employment).

How do we define success for your role?

The Climate Change Junior Field Technician will spend their time assisting with all field activities for the team's Agriculture Biodiversity Conservation Plan program, biodiversity enhancing activities on farms program, and shoreline restoration work at coastal properties. This will include collecting in-field data and assisting with planting or restoration activities. The Climate Change Junior Field Technician will also conduct research and create location-specific embedded materials for the 2022 3D Interactive Flood Map, and facilitate webinars that will showcase the flood map for the general public, local government, and non-government organizations. Candidates must be experienced in performing physical tasks in all weather conditions and challenging environments. This position will require travelling by vehicle to work sites. A hybrid at home and office work schedule will be required, with some days needed at Coastal Action's office in the Mahone Bay Centre in Mahone Bay, Nova Scotia.

Coastal Action is a driven team dedicated to providing education, research, and environmental services to the South Shore region of NS. If you have what it takes to join our team, we would like to hear from you.

Resumes and accompanying cover letters identifying how you can contribute to Coastal Action's success as a Climate Change Junior Field Technician can be sent to samantha@coastalaction.org

Coastal Action is an equal opportunity employer. We thank all applicants for their interest; however, only those selected for an interview will be contacted.
